See notes on back →

Wow, January 2025! Hope everyone has a great Christmas break, takes the time to relax and has a great start to the new year. After the long break, it may take us a couple days to get back in to our routine at preschool.

This month we will be focusing on the numbers 13,14,15 and the letters K,N and M. We will explore the polar region and the animals that live there.

On our first day back, January 6, we will have **show and tell**. Please help your child pick an appropriate item to bring to school. After show and tell, we will store our items in either our backpacks or mailboxes for safety!

We will “remodel” our dramatic play area, it will become a Doctors Office for the month. Should be fun!

We will begin learning Yoga this month! We will learn a new position each week.

Children derive enormous **benefits from yoga**. Physically, it enhances their flexibility, strength, coordination, and body awareness. In addition, their concentration and sense of calmness and relaxation improve. Doing yoga, children exercise, play, connect more deeply with the inner self, and develop an intimate relationship with the natural world that surrounds them. Yoga brings that marvelous inner light that all children have to the surface. (YogaJournal.com)

Important Dates

January 1- February tuition due
